

# The Upgrade Framework™

## *Companion Workbook*

Based on *Don't Let Your Phone Upgrade Before You Do* by Paulette Cunningham, M.Ed.

*The Upgrade Framework™ workshop materials, originally developed in 2014 & updated for this Companion Workbook*

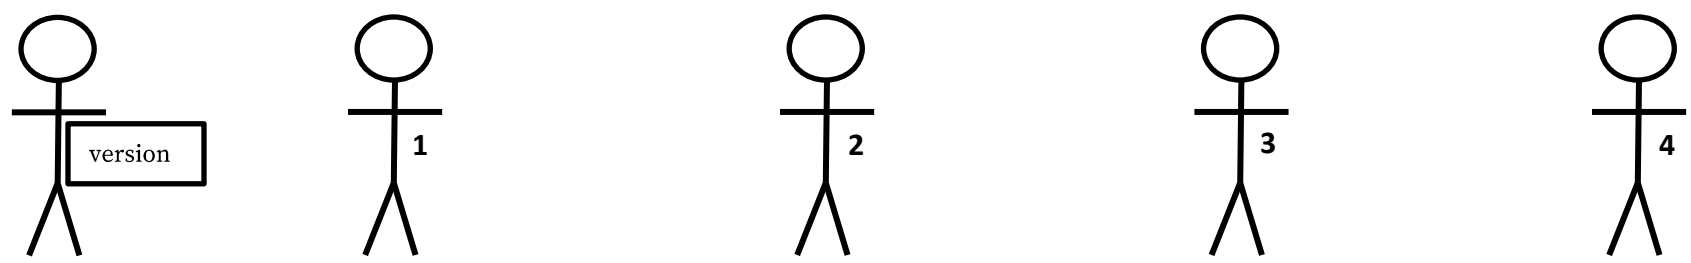

Use these worksheets alongside the book to complete each step:

Acknowledge → Decide → Match

Step #1 Acknowledge

Map Your Milestones

|                    |  |  |  |  |
|--------------------|--|--|--|--|
| Version Milestones |  |  |  |  |
| Growth Outcome #1  |  |  |  |  |
| Growth Outcome #2  |  |  |  |  |
| Growth Outcome #3  |  |  |  |  |
| Growth Outcome #4  |  |  |  |  |

Step #2 Decide

Choose or Lose

“What I Choose” - Feature Selections

(habits, characteristics, realities, and ways of being that benefit me)

“What I Lose” - Legacy Bugs

(habits, characteristics, realities and ways of being that **do not** serve me)

Step #3 Match

Design Your Ecosystem

**Oak Tree Growers** (people, places, things & activities that **MATCH** and **HELP**)

## You've completed The Upgrade Framework™

A quick recap of where you've been:

**Step 1—Acknowledge:** You identified your Version Milestones—proof you've upgraded before.

**Step 2—Decide:** You chose your Feature Selections and named your Legacy Bugs.

**Step 3—Match:** You designed your Ecosystem—with Oak Tree Growers, not Acorn Crushers.

**Your next Upgrade starts today.**
